Noon – 1:00 p.m. - Bring your lunch
Wednesday, May 7 and Tuesday May 13, 2014

This workshop details 28 regularly occurring spring migrant and breeding shorebirds, plus 8 rarer species that migrate through southern Ontario to their Arctic breeding grounds. It is loaded with tips to sharpen identification skills. The focus will be on Point Pelee area shorebirds, and later we will visit Hillman Marsh Shorebird Cell where Ontario Field Ornithologists (OFO) experts will be available to help with shorebird identification from 4:30-6:00 p.m.

OFO Shorebird Viewing Sessions at Hillman Marsh: May 2, 5, 7, 10, 13 and 16, 2014. Time: 4:30-6:00 p.m.

Note: Daily parking fee to enter Hillman Marsh - open from dawn to dusk.
